

Parents, Relatives, & Friends,

The Texas Gymnastics Judges Association (TGJA) would like to take this opportunity to welcome you to North Richland Hills. Congratulations to you and your Gymnast on a successful gymnastics season, leading here to the Level 6-10 Texas State Championships.

The TGJA is this year's host to the State Championships. We are the largest member association of the National Gymnastics Judges Association (NGJA). We are a service organization, founded in the 1960's, dedicated to serving the Texas gymnastics community with the interpretation and evaluation of rules and regulations that govern competitions of all levels across the state.

You may or may not know this, but Texas is home to the Nation's best coaches, judges, and gymnasts. We are intricately woven into NCAA, National, and International Competition. Some of the accomplishments from our gymnasts include NCAA National Champions, USA National Champions, World Champions, and Olympic Medalists.

Gymnastics is an extraordinary sport. The USA Gymnastics motto of "Start here, go anywhere" is true. The life skills and lessons learned pursuing the great sport of gymnastics will carry over long into life. Again, we congratulate you and your gymnast for the long hours and dedication that are required to pursue gymnastics at this level. We hope that your young men fare well this weekend. We also wish you great success and joy as, together, we journey down the path of opportunities that lie ahead.

Gymnastically yours,
The Texas Gymnastics Judges Association
